

Life Center Youth/ Associate Pastor

Dear Applicant,

To give you a better feel for who we are at Life Center, I wanted to share with you a few things about us and what we strive for as a church community. We believe we are to be a growing and changing people! We believe in being REAL. Real Life, Real People, Real God- it is ok to not be perfect and for people to open up about their mess so God can work to bring healing and use them to reach others out of their brokenness. Our messages and groups are focused on us growing in relationship with God and others, while maturing in our faith, love, service, and trust in God.

We Love Our Community! We are in a rural area, about an hour and a half from Portland to the south, Seattle to the north, the mountains to the east, and the ocean to the west. There is a lot to do outdoors —bicycling, hiking, camping, fishing, hunting, skiing, etc. The community is in a growth and development phase, and we are seeing more people moving into the area. Some people commute up to Olympia and Tacoma for work because the cost of living is lower here. Our community is on the verge of change — in the natural there is great expectation for businesses and growth, and in the spiritual, there is equally a desire for what God has planned in the next season here in and through us.

Our Sunday services are vibrant with worship and fellowship! Outreach to our community and partnering with other churches and ministries here is a part of our mission. We are looking for someone who will love our community and love serving our community as much as we do. We support two missionary families who are a part of Mannahouse Global Missions and Beeline Wheelchairs in Guatemala, who give wheelchairs and other necessities for families in need. We are looking to do more missions, giving and going, in the coming years.

Our desire is not only for you to serve here, but also for this to be a place where you grow in your giftings and calling. We are looking for someone who will be passionate about the job and our community, but also personal growth and discipleship of others. We would love to share more with anyone interested and invite you to come visit our church and let us show you around our community!

Sincerely,

Pastor Jonathan Biggers
