OUR MISSION

The Mission of House of Praise is to use creative means, and modern methods, in a welcoming environment to make disciples, who make other disciples. *(A disciple is a fully devoted follower of Jesus.)*

WHAT WE VALUE

We Love the Local Church

We are convinced that the local church is the most important institution on the face of the planet and God's vehicle to reach the world and build His family.

We Champion a Team Environment

We are convinced that to be a part of what God is building in a local church, is calling. Those who lead the House of Praise believe that is not an individual calling but a calling to a team. Team members support each other and help each other in a spirit of cooperation without competition.

We Enjoy Life

Church should be full of love and laughter. We value having fun! Our mission is serious but we don't have to take ourselves too seriously.

We Seek Excellence but Not Perfection

Excellence is giving God your very best. We don't strive for perfection, work hard to do our best. We allow people to make mistakes without condemnation but then adjust to not repeat those mistakes.

We are Mission Focused

While there many good things churches can do, we believe ministry effectiveness comes through focusing upon our mission. The bloated church calendar is the enemy of healthy church growth

Are you our next team member?

Finding the right person for a church staff position is more than a natural process. In the business world, we would only look at skills, experience and work ethic.

Hiring for the church is *different*.

Yes, there are minimum competencies needed to have the right skills for the position and a great work ethic, but there is more to it. Hiring a church staff member requires us to learn more about you. **Do we believe the same?** There are different beliefs within Christianity and for team unity our core beliefs must be similar. We don't can have diverse opinions and outlooks on most this but need alignment of vision and core beliefs.

Are you passionate about the local church? What are the things that are non-negotiables to you? What are your long-term ministry goals? These are questions to see if a long-term fit is possible and if this is God's plan for you.
